

Why Apprenticeship?

DASI and Focus: HOPE are teaming up to help build a stronger workforce for the engineering and manufacturing industry with the DASI Solutions Industrial Design Technician Apprenticeship Program. This program was designed to provide the training companies need to fill the skills gap in Michigan.

This full Apprenticeship Training Program may not be as expensive as you think! Thanks to the U.S. Department of Labor, there are workforce development grants available that could save you up to 50%.

Call us to see if your workers are eligible!

But why, exactly, would you want to hire an apprentice? Read on and see!

DASI Solutions Apprenticeship Facts

- ◆ Help to recruit and develop a highly skilled, more productive workforce.
- ◆ Reduce turnover costs due to increased employee retention and loyalty.
- ◆ DASI works with you to take full advantage of funding to offset training costs!
- ◆ NO PAPERWORK! DASI handles all the reporting to the Department of Labor for the Industrial Design Technician Apprenticeship Program!
- ◆ DASI's program prepares students to take the Certified SOLIDWORKS Expert exam — an internationally-recognized certification held by fewer than 2,500 people around the world.
